LEADERSHIP & STRATEGY

LE84 Governance, Risk and Compliance (GRC) for Modern Organisations

This intensive five-day course provides a strategic, integrated framework to embed GRC into the heart of organisational decision-making and operations. Delegates will explore how to align GRC structures with corporate strategy, improve resilience, and foster a culture of ethical conduct and accountability. With an emphasis on practical application, the course incorporates real-world case studies, interactive exercises, and implementation tools that equip professionals to drive sustainable value creation while maintaining robust compliance and risk oversight. By the end of the course, delegates will be prepared to lead their organisations with integrity, agility, and confidence in a dynamic global landscape.

Course Information

Duration: 5 days

London (£4950): 23rd February 2026, 11th May 2026, 6th July 2026, 24th August 2026, 19th October 2026, 7th December 2026, 24th May 2027, 19th July 2027, 13th September 2027, 1st November 2027, 20th December 2027, 27th March 2028

Companies nominating 3 or more delegates to attend the same programme will enjoy a special discount on the course fees.

Upon completion of one of our CPD certified courses, delegates will be awarded both an LMC certificate and a CPD certificate. No examination required.

Who is the course suitable for?

This course is ideal for compliance officers, risk managers, internal auditors, governance professionals, legal advisors, regulatory affairs personnel, and department heads responsible for managing risk and compliance. It

is also highly relevant to professionals in regulated sectors such as finance, energy, healthcare, and telecommunications, or those with strategic accountability for corporate integrity, ethics, and oversight.

Course profile

Foundations of Modern GRC

- Defining governance, risk, and compliance and their interconnections
- Exploring global trends and regulatory drivers shaping GRC
- Differentiating siloed versus integrated GRC approaches
- Understanding the role of culture and leadership in GRC success
- Mapping GRC to organisational vision and values

Building Effective Compliance Management Systems

- Establishing compliance policies, procedures, and accountability
- Embedding regulatory monitoring and reporting mechanisms
- Conducting compliance risk assessments and audits
- Fostering ethical conduct and whistleblower protections
- Developing a compliance training and communication strategy

Enterprise Risk Management in Practice

- Identifying and categorising enterprise risks
- Applying risk assessment tools (e.g., risk matrices, heat maps)
- Developing mitigation and response strategies
- Integrating risk intelligence into decision-making
- Communicating risk to boards and stakeholders

Ethics, Internal Controls, and Organisational Conduct

- Designing internal control systems to prevent misconduct
- Evaluating effectiveness of controls and compliance measures
- Promoting ethical leadership and decision-making
- Managing conflicts of interest and third-party risk
- Investigating and responding to compliance breaches

Strategic GRC Integration and Leadership

- Aligning GRC with strategy and organisational performance
- Integrating GRC into strategic planning processes
- Leading cultural change for GRC maturity
- Evaluating GRC effectiveness and maturity models
- Designing an integrated GRC roadmap for your organisation

Competencies

At the end of the course, delegates will be able to:

- Define and implement integrated GRC systems aligned to corporate strategy
- Establish and sustain effective compliance management frameworks
- Apply enterprise risk management principles to assess and mitigate risks
- Design internal controls that reinforce ethical conduct and accountability
- Integrate GRC practices into strategic and operational decision-making
- Communicate risk and compliance insights to senior leadership effectively
- Evaluate GRC maturity using recognised frameworks and tools
- Lead organisational change to embed a culture of integrity and resilience
