

PROJECTS, LOGISTICS, QUALITY & AUDIT

PL7 Quality Assurance and Auditing

Adopting a Quality Management System (QMS) is a critical strategic decision within an organisation, which has the potential to improve overall performance and provide a platform for sustainable development.

This course has been designed to demonstrate the benefits to an organisation of implementing a Quality Management System based on International Standards. It will equip delegates with the knowledge and understanding to develop Quality strategies and a robust framework within the organisation for continual improvement.

Course Information

Duration: 5 days

London (£4950): 16th June 2025, 4th August 2025, 29th September 2025, 17th November 2025, 26th January 2026, 20th April 2026, 15th June 2026, 3rd August 2026, 28th September 2026, 16th November 2026

Companies nominating 3 or more delegates to attend the same programme will enjoy a special discount on the course fees.

Upon completion of one of our CPD certified courses, delegates will be awarded both an LMC certificate and a CPD certificate. No examination required.

Who is the course suitable for?

This practical and informative course has been designed for Leaders, Quality Managers and Operations Managers and those with a responsibility for formulating and implementing long-term Quality strategies, either within the quality department, or across the organisation. It will also be highly valuable for those responsible for measuring and improving the performance of others.
