MANAGEMENT

MG41 Organisational Skills for Team Leadership

This course provides team leaders with essential skills to excel in their roles, focusing on cultivating a dynamic leadership approach that adapts to diverse team personalities and skill sets. Through the course, participants will engage with key principles of management, from effective planning and delegation to advanced communication and time management strategies. The programme is designed to enhance leadership capabilities, improve team dynamics, and drive organisational success through practical tools and methodologies that participants can immediately implement in their workplaces.
