LEADERSHIP & STRATEGY

LE58 Breakthrough Leadership

This course covers proven strategic leadership and management methodologies that have resulted in breakthrough performance in international organisations. It examines theoretical and practical applications based on a concept known as Breakthrough Leadership. It fosters a culture of growth and allows delegates to formulate better strategic plans to overcome challenges, become more aware of their team and to adapt and use resources more effectively.

Delegates will receive a thorough and action-oriented view of how an executive team can drive their workforce to achieve better performance.
