

MANAGEMENT

MG14 Analysing Resources, Competencies and Strategic Capabilities

In an ever-evolving business landscape, the strategic alignment of organisational resources, capabilities, and competencies is crucial for sustaining competitive advantage. This course equips senior leaders with the advanced tools and insights necessary to navigate and sculpt organisational strategy dynamically. Participants will explore the intricacies of resource management, develop strategic foresight, and engage in deep analysis of both internal and external business environments. Through a systematic approach, this training will enhance participants' ability to make informed decisions that drive strategic direction and innovation, ensuring their organisations remain resilient and ahead in their respective industries.

Course Information

Duration: 5 days

London (£4950): 16th June 2025, 4th August 2025, 29th September 2025, 17th November 2025

Companies nominating 3 or more delegates to attend the same programme will enjoy a special discount on the course fees.

Upon completion of one of our CPD certified courses, delegates will be awarded both an LMC certificate and a CPD certificate. No examination required.

Who is the course suitable for?

This course is specifically tailored for Directors and Senior Managers tasked with steering organisational strategy through the analysis and utilisation of resources, capabilities, and competencies. Ideal attendees are those in leadership roles or those aspiring to such positions, who aim to enhance their strategic decision-making skills and apply advanced management techniques. Participants will benefit from a deep dive into

strategic frameworks, resource allocation, and the development of a robust competitive edge, making this course essential for those looking to shape the future strategic pathways of their organisations.
