

## FINANCE & ACCOUNTING

# **FA17** Effective Budgeting and Operational Cost Control

This course equips professionals with the essential skills and knowledge to design, manage, and implement budgets that support strategic objectives. It will focus on the essential tools needed to create and monitor budgets, ensuring alignment with organisational goals. Delegates will explore practical methods to enhance resource allocation, identify inefficiencies, and drive cost-conscious decision-making. This programme empowers leaders to take ownership of budget outcomes, support financial sustainability, and contribute to continuous improvement across operations.

## Course Information

**Duration:** 5 days

**London (£4950):** 23rd June 2025, 11th August 2025, 6th October 2025, 24th November 2025, 2nd February 2026, 27th April 2026, 22nd June 2026, 10th August 2026, 5th October 2026, 23rd November 2026

**Dubai (£4950):** 7th July 2025, 13th October 2025, 9th February 2026, 18th May 2026, 9th November 2026

**Istanbul (£4950):** 4th August 2025

**Kuala Lumpur (£4950):** 17th November 2025

**Barcelona (£4950):** 1st June 2026

**Companies nominating 3 or more delegates to attend the same programme will enjoy a special discount on the course fees.**

Upon completion of one of our CPD certified courses, delegates will be awarded both an LMC certificate and a CPD certificate. No examination required.

# Who is the course suitable for?

This course is designed for managers, supervisors, and leaders with budgetary responsibilities or overseeing cost management within their organisations. It is particularly valuable for those new to financial roles or seeking to enhance their budgeting competences. Participants will gain practical insights into managing budgets effectively, without the need for prior financial expertise.

## Course profile

### Strategic Budget Planning

- Aligning budgets with organisational strategy and performance goals
- Forecasting income and expenditure with scenario planning
- Prioritising resource allocation using strategic planning models
- Understanding financial language and key budgeting terms
- Integrating risk management into the planning process

### Constructing and Communicating Budgets

- Building functional and departmental budgets step-by-step
- Allocating direct and indirect costs appropriately
- Identifying key cost drivers and performance indicators
- Communicating budget proposals to stakeholders effectively
- Creating engagement and ownership across teams

### Monitoring Budget Performance

- Analysing actual vs. budgeted performance
- Investigating variances and cost discrepancies
- Responding proactively to financial deviations
- Collaborating with finance for ongoing tracking

### Operational Cost Control

- Identifying areas of operational overspend and inefficiency
- Applying cost reduction techniques
- Understanding fixed vs. variable costs in decision-making
- Using value chain analysis to find cost-saving opportunities
- Enhancing cross-functional accountability for cost control

### Alternative Budgeting Methods and the Cost of Quality

- Exploring flexible, rolling, and contingency budgeting approaches
- Applying quality costing (prevention, appraisal, failure costs)
- Evaluating the impact of cost decisions on service delivery

- Balancing budget compliance with innovation and improvement

## Competencies

**At the end of this course, delegates will be able to:**

- Align budgeting practices with strategic objectives and operational plans
- Construct clear, credible, and comprehensive departmental budgets
- Monitor budget performance and investigate variances using financial tools
- Communicate budget information confidently to non-financial and financial stakeholders
- Identify cost-saving opportunities using structured cost analysis methods
- Implement cost control strategies that support long-term performance
- Apply alternative budgeting models suited to changing environments
- Integrate quality cost considerations into budget decisions for improved value
