

LEADERSHIP & STRATEGY

LE10 Visionary Leadership and Strategic Change

This comprehensive course is designed to equip senior leaders with the skills and insights needed to guide their organisations through strategic transformations effectively. Through exploring advanced leadership principles, strategic thinking, and change management techniques, this course aims to develop leaders capable of shaping the future, driving organisational change, and achieving sustainable success. Participants will leave with a robust toolkit of strategies and practical approaches, ready to implement visionary leadership and strategic adaptations within their roles.

Who is the course suitable for?

This engaging and transformative course is specifically designed for senior leaders, including Directors, Managers, and other decision-makers who play a pivotal role in strategic planning and execution. Ideal attendees are those involved in shaping organisational direction, keen to enhance their leadership vision, and eager to master the complexities of implementing strategic change. Participants will benefit from a deep dive into both the theoretical and practical aspects of leading in a volatile, uncertain, complex, and ambiguous (VUCA) business environment.

Course profile
