

LEADERSHIP & STRATEGY

LE30 Business Planning and Growth Strategies

In today's competitive landscape, successful organisations must not only compete with rivals but also carve out new market spaces. This course equips senior leaders with comprehensive strategies and tools for business planning and growth. Through a five-day programme, delegates will explore various planning types, strategise amidst volatility, and leverage innovation for market expansion. The course is crafted to refine strategic decision-making, enhance executive leadership capabilities, and foster a proactive approach to business challenges. Participants will depart with a solid framework for implementing and sustaining growth strategies in any business environment.
