

LEADERSHIP & STRATEGY

LE7 Business Strategy and Change

In today's complex business landscape, the ability to adapt and redefine strategy is paramount for sustained success. This course offers a comprehensive exploration into strategic management and the dynamic nature of organisational change. Participants will gain profound insights into formulating, implementing, and revising business strategies to navigate the complexities of the market and foster organisational growth. Through a blend of theory and practical application, this course ensures delegates are well-prepared to lead their organisations toward competitive advantage and operational excellence.

Course Information

Duration: 5 days

London (£4950): 9th March 2026, 18th May 2026, 13th July 2026, 7th September 2026, 26th October 2026, 14th December 2026

Companies nominating 3 or more delegates to attend the same programme will enjoy a special discount on the course fees.

Upon completion of one of our CPD certified courses, delegates will be awarded both an LMC certificate and a CPD certificate. No examination required.

Who is the course suitable for?

This course is specifically designed for Senior Managers, Directors, and Department Heads who are integral to their organisation's strategic direction and legacy. It is ideal for those seeking to enhance their strategic decision-making capabilities and lead transformative change effectively. Participants will benefit from a deep dive into advanced strategies and change management, aligning business practices with long-term objectives.
