

LEADERSHIP & STRATEGY

LE92 Strategic Decision Making

This course is designed for senior leaders and executives who hold pivotal roles in steering their organisations towards success. It equips participants with advanced skills and practical tools to navigate the complexities of strategic leadership. Through a blend of theoretical insights and practical applications, delegates will delve into strategic planning, emerging technological trends, financial strategies, and global leadership dynamics. The course aims to enhance participants' decision-making capabilities, enabling them to foster innovation, manage risks, and drive their organisations' growth in a rapidly evolving business landscape.

Course Information

Duration: 5 days

London (£4950): 30th June 2025, 18th August 2025, 13th October 2025, 1st December 2025, 9th February 2026, 4th May 2026, 29th June 2026, 17th August 2026, 12th October 2026, 30th November 2026

Companies nominating 3 or more delegates to attend the same programme will enjoy a special discount on the course fees.

Upon completion of one of our CPD certified courses, delegates will be awarded both an LMC certificate and a CPD certificate. No examination required.

Who is the course suitable for?

This course is created for senior leaders and executives responsible for strategic decision-making within their organisations. It is most suitable for individuals in high-level positions who shape the future direction of their companies and those aspiring to such roles. Participants should have substantial experience in leadership or management and seek to enhance their strategic leadership skills to drive organisational success.
